GOODBYE MISCHIEF, HELLO MAYHEM.

Sixth grader Slater Hannigan wants everyone to stop asking how the hill fire started.

But matters only worsen after the police go door-to-door looking for neighborhood clues.

Unfortunately, the real trouble begins when the new kid at school, Chicky Cicarrelli, shows Slater and his buddies a few tricks of his own.

So close to carrying off his master plan, Slater's life is turned upside down when Sibley White discovers the one school rule he has broken—ultimately bringing big changes Slater Hannigan cannot escape this time.

MAYHEM is second in the 4-book Mischief Series for Middle-Grade readers.
